Erica Neff is the Director of Value Based Performance with St. Elizabeth Physicians.

She earned her Doctor of Pharmacy (PharmD) from the University of Cincinnati in 2012 and Board Certification in Ambulatory Care Pharmacy in 2018.

Erica possesses 15 years of experience in pharmacy, including dispensing, clinical, and administrative roles. Currently she is responsible for a robust team of nurses, pharmacists, pharmacy technicians, medical assistants, and other non-clinical associates that support population health, quality of care, and value-based contract performance.
