Robin L. Giordano, Chair, Advanced Practice Services, Valley Medical Group

Robin L. Giordano has been in the role of Chair, Advanced Practice Services at Valley Medical Group for over 6 years growing the APP program from a group of 60 to well over 130 providers.

She partners with Leadership across service lines to ensure APP's across the system work to their top of license providing high quality care, improving patient access and patient experience while ensuring a strong return on investment. Major Projects include development of a new physician and APP compensation plan, creating an APP annual evaluation tool, and rolling out APP billing across the health system. In addition, she is trained as an Adult Nurse Practitioner specializing in Cardiology.

Robin obtained her Masters Degree from New York University and Bachelors Degree from the University of Rhode Island.
