Benjamin J. Negley, M.H.A., FACHE, Vice President, Physician Practice Management and Ambulatory Care, AtlantiCare

Benjamin J. Negley, MHA, FACHE, is vice president, Physician Practice Management and Ambulatory Care at AtlantiCare. Negley leads AtlantiCare Physician Group's primary, specialty, behavioral health and urgent care practices. He oversees strategy and operations of more than 100 practices and more than 400 providers, as well as executive responsibility for Digital Transformation. He collaborates with AtlantiCare senior leadership to ensure operations of physician group practices and hospital-based programs are aligned to the healthcare system's strategies. He has a special interest in finding innovative solutions to enhance access to, and the continuum of care. He is passionate about engaging physicians and other healthcare providers in their personal and professional growth. Negley's experience includes significant leadership in healthcare system integration. Prior to joining AtlantiCare in 2019, he was chief operating officer of Cayuga Medical Associates, Ithaca, New York. He served as regional manager, Physician Group Practices, and subsequently as administrator for the Neurosciences Service Line at St. Luke's University Health Network, Bethlehem, Pennsylvania. He was manager, Ambulatory Care and of the Child Advocacy Center at Children's Hospital of Wisconsin-Fox Valley, Neenah, Wisconsin. Negley also served as manager of the Clinical Neurophysiology Department at NYU Langone's Hospital for Joint Diseases, New York, and held additional professional roles. Negley attained his Master of Healthcare Administration degree at Seton Hall University, South Orange, New Jersey and his Bachelor of Arts degree in sociology and social welfare at the University of Wisconsin-Madison, Madison, Wisconsin. He participated in an international study program at the University of Limerick, Limerick, Ireland. Negley is a fellow and member of the American College of Healthcare Executives (FACHE) and has served as a mentor for its Leadership Mentoring Program since 2014. He's a current member of the American Management Group Association. He's a past member and program committee chair of the Eastern Pennsylvania Healthcare Executives Network. He previously served as member and treasurer of the Healthcare Management Association of Central New York's Board of Directors. The Eastern Pennsylvania Healthcare Executives Network awarded Negley with its Lee-Haney Founders Award in 2011. Negley lectured on using telehealth to help individuals with diabetes manage their disease during the American Medical Group Association's national annual conference in Gaylord National Harbor, Washington, D.C., in 2011, and will be doing the same in June at the Premier Annual Breakthrough Conference (Virtual Primary Care Experience). Negley resides in Galloway, New Jersey, with his wife Maria and their six children.
