Sponsorship Opportunities
Acclaim Award

The Acclaim Award is AMGA's most prestigious quality award. Its mission is to honor the nation's premier healthcare delivery organizations that are high-performing and are bringing their organization closer to the ideal medical group and health system by:

- Measurably improving the quality and value of care
- Improving patient experience and outcomes
- Continuously learning and innovating
- Improving population health
- Addressing disparities, social determinates of health, or health equity

After a competitive application process, one AMGA member organization will be selected as the Acclaim Award recipient. Up to two additional organizations may be selected as honorees.

We invite your company to sponsor the Acclaim Award. As a sponsor of this distinguished award, you will support the purpose of the Acclaim Award by furthering the recognition of the incredible contribution AMGA members are making toward improving patient experience of care, improving health of populations with a focus on quality outcomes, reducing the per capita cost of health care, and fostering health equity.

“We are honored to receive this prestigious award. I want to extend my thanks and congratulations to our care transformation leadership team and to all of the physicians and staff who have been working to improve how we deliver care in recent years. Care transformation requires both vision and perseverance, and the Acclaim Award is a great validation of our measurable progress.”
