

Value Roundtable Summit

June 11, 2024 YOTEL | Washington, DC

During the 2024 AMGA Value Roundtable Summit, AMGA member groups engaged in the value journey will learn the latest developments, share best practices, and discuss topics such as the impact of legislative policies on the evolution of value-based care (VBC) and aligning financial and organizational goals with value delivery in healthcare. VBC programming is condensed into one day (Tuesday, June 11) for your convenience and efficiency in travel.

For those who are able to stay through Wednesday, June 12, we encourage you to use your voice while in D.C. to promote value. AMGA’s Capitol Hill Day provides you the opportunity to meet with your legislative representatives on The Hill and share your organizational and patient stories with them, in order to advance our industry’s collective policy goals. There is no additional fee for Hill visits, and the AMGA Government Relations team will assist you with everything you need for the visit.

Program Objectives:

1. Describe key tactics for delivering value-based care as a payer, provider, and value-enabling organization.
2. Explore strategies to ensure that your financial objectives are in sync with your VBC goals.
3. Explore the development of financially sustainable care models applicable to all organizations on the value-based care journey.
4. Explain the latest developments in accountable care organizations and Medicare Advantage within the context of value-based healthcare.
5. Discuss the impact of legislative policies on the evolution of VBC.
6. Possess the knowledge to leverage team engagement, culture, and skill-development amidst periods of rapid change.
