Industry Partners Directory 2021
Abbott Diabetes Care
Executive Corporate Partner
1360 S. Loop Road
Alameda, CA 94502
abottdiabetescare.com
Contact: Edward MacMillan / 978.877.0297 / edward.macmillan@abbott.com
WE’RE HELPING PEOPLE WITH DIABETES LEAD HEALTHIER, HAPPIER LIVES. As a global leader in diabetes care, Abbott is constantly working to deliver the highest quality products and unwavering support to our customers. Consistent and accurate glucose monitoring is the foundation of any diabetes management plan so we’re committed to continuous improvement in the way patients and professionals measure, track and analyze glucose levels.

Abbott Nutrition
Chairman’s Circle Member
3300 Stelzer Road
Columbus, OH 43219
abbott.com
Contact: Cameron Baker / 610.444.9818 / cameron.baker@abbott.com
Abbott is a global healthcare leader that helps people live more fully at all stages of life. Our portfolio of life-changing technologies spans the spectrum of health care, with leading businesses and products in diagnostics, medical devices, nutritions and branded generic medicines. Our 103,000 colleagues serve people in more than 160 countries.

AbbVie
Premier Corporate Partner
1 N. Waukegan Road
North Chicago, IL 60064
abbvie.com
Contact: Vivian Veltri / 561.901.0048 / vivian.veltri@abbvie.com
We’re a company that takes on the toughest health challenges. But we do more than treat diseases—we aim to make a remarkable impact on people’s lives. We are AbbVie, a highly focused research-driven biopharmaceutical company.

Acadia Pharmaceuticals
Premier Corporate Partner
2830 El Camino Real, Suite 400
San Diego, CA 92130
acadia-pharm.com
Contact: Judy Leuteneker / 303.250.6556 / jleuteneker@acadia-pharm.com
Acadia is trailblazing breakthroughs in neuroscience to bring vital solutions to those who need them most. The team has spent the last 25 years working at the forefront of health care, focusing on central nervous disorders and early-stage clinical research.

Access Managed Services
Executive Corporate Partner
5944 Coral Ridge Drive, #265
Coral Springs, FL 33076
accessrpm.com
Contact: Lisa Dye / 844.527.7669 / sales@accessrpm.com
Access Managed Services offers remote patient care programs that include innovative remote patient monitoring devices, software, and clinical monitoring services that can help practices, clinics and health systems fully implement transformative chronic care and disease management programs. We offer innovative, HIPAA-compliant software, expert clinical staff and cellular-enabled devices to support both Chronic Care Management and Remote Patient Monitoring. If you are currently offering chronic care management, we can complement your existing program and enhance your offering with Remote Patient Monitoring. It’s easy to get started and there are no upfront costs. We offer a turn-key approach to implementation. The onboarding process is simple. We handle everything, including onboarding, consents, device management, training and education, and ongoing monitoring. We would love to tell you more about the program and how easy it is to get started. Please call us today 844.527.7669 to learn about implementing transformative chronic care management programs for your organization or visit us online to schedule a demo at accessrpm.com.
Amgen
Premier Corporate Partner
One Amgen Center Drive
Thousand Oaks, CA 91320
amgen.com
Contact: Nick Honochick / 805.540.9172 / nhonochi@amgen.com
Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing and delivering innovative human therapeutics. A biotechnology pioneer since 1980, Amgen has reached millions of patients around the world and is developing a pipeline of medicines with breakaway potential.

Ankura Consulting Group
Executive Corporate Partner
2000 K Street NW, 12th Floor
Washington, D.C. 20006
ankura.com
Contact: Julie DeLong / 404.589.4200 / julie.delong@ankura.com
Ankura brings a uniquely skilled and experienced team of experts to the challenges facing the many types of organizations that comprise the complex healthcare ecosystem. Ankura offers the full breadth and depth of healthcare consulting services, including: physician consulting, compliance, cybersecurity risk management, investigations, valuation and transaction advisory services, healthcare real estate, strategy and performance, healthcare analytics, hospital and health system consulting, research consulting, payer and managed care services, turnaround and restructuring, pharmacy consulting, expert services, and labor strategy and workforce management optimization.
Boehringer Ingelheim is a research-driven group of companies dedicated to the discovery, development, manufacture and marketing of innovative healthcare products. We are committed to offering the highest quality products to treat diseases, and bringing more health to patients and their families. Leveraging our heritage with deep scientific and disease understanding, we are focusing on therapies to treat cardiometabolic and respiratory diseases, oncology, inflammatory diseases, diseases of the central nervous system and retinopathies. We create value through innovation with a clear goal: to transform the lives of patients in areas of significant unmet medical need. Inspired by patients, our passion comes from believing in the importance of our work toward reaching that goal.

CareAllies
Executive Corporate Partner
2800 North Loop West
6th Floor
Houston, TX, 77092
careallies.com
Contact: Allen Perez / 770.261.7957 / allen.perez@careallies.com
Ranked #1 from 2018-2021 in the Top Healthcare Consultants & Advisors: Value Based Care Solutions report by Black Book Research, CareAllies has an extensive and successful history of innovative value-based provider collaborations. Our accountable care organization, provider engagement and practice transformation solutions focus on creating a customized plan-of-action to optimize care and the connections between providers, patients and payers. We work side-by-side with you to accelerate the transition to value-based care, helping improve the quality, value and experience of care for patients and make health care better for everyone.

Care Innovations a PRA Health Sciences Company
Executive Corporate Partner
careinnovations.com
Contact: Brian Greene / 231.633.6369
Discover Care Innovations 4th generation remote patient monitoring platform Health Harmony. Keeping patients healthy at home and engaged is now more important than ever. Care Innovations is your turnkey partner for quality patient outcomes and practice RPM reimbursement; we help connect over 10,000 patients to their healthcare providers each month. Our turnkey solution includes software, clinical programming, medical devices, support a direct-to-patient logistics and reporting.

CareSignal
Executive Corporate Partner
4220 Duncan Avenue
Saint Louis, MO 63110
caresignal.health
Contact: Jason Roche / 314.272.2586 / jason.roche@caresignal.health
Amplify proactive care with CareSignal. CareSignal is an accessible patient monitoring platform that improves performance in value-based care by engaging and identifying rising-risk patients. Care teams receive real-time alerts enabling them to prioritize outreach and care delivery to rising-risk patients before they worsen. Patients receive automated, evidence-based text messages or phone calls reporting their health status. Try a self-guided demo: text “care” to 844.837.9996. Learn more: care-signal.com
Chicago Pacific Founders
Executive Corporate Partner
980 North Michigan Avenue, Suite 1998
Chicago, IL 60611
cpfounders.com
Contact: Matthew Doyle / 312.273.4750 / mdoyle@cpfounders.com
Chicago Pacific Founders (CPF) was established to serve as an investment advisor that manages private funds and partners with companies that we believe are positioned to lead innovations in healthcare delivery and in caring for aging populations. CPF primarily focuses on growth companies in targeted sectors where the fund can contribute significantly beyond its capital. Whereas the vast majority of investment in health care has historically been deployed in the domains of drugs, devices, and diagnostics, we are primarily focusing on care service delivery, which represents the “other” 80% of the $3 trillion annual healthcare spending in the United States. The Managing Partners along with founding operating partners shared a belief that the most significant societal impact and investment returns from health care for the next decade will be generated by investment in delivery model innovation.

Coker Group
Executive Corporate Partner
2400 Lakeview Parkway, Suite 400
Alpharetta, GA 30009
cokergroup.com
Contact: Craig Hunter / 678.832.2002
Coker Group, a national healthcare advisory firm, works with hospitals and physician groups to develop customized solutions in five main service areas: Strategy, Operations, Finance, Technology, and Compliance. Our mission is to customize an approach for each client that ensures strategic differentiation in the marketplace and the achievement of every goal across all performance areas. Through principled professional consulting, Coker Group assists healthcare providers in their pursuit of a sound business model and an enhanced patient experience. Coker Group’s advisors have the experience and creativity to find the right solution for any market and healthcare entity.

Cecelia Health
Executive Corporate Partner
355 Lexington Avenue
New York, NY, 10017
ceceliahealth.com
Contact: Daniel Johnson / 508.340.0852 / danieljohnson@ceceliahealth.com
Cecelia Health positively transforms the lives of people living with diabetes and other chronic conditions. Our digital health solution provides remote chronic disease management support at scale for providers, health plans, and other leading healthcare organizations. At Cecelia, we understand the complexities that providers face when it comes to chronic disease management. Our approach incorporates the optimal mix of clinical interventions, remote monitoring of physiological health indicators, and access to expert clinicians and specialty providers to coordinate care and adjust care plans. We can complement or integrate with your existing care management efforts programs or serve as the sole provider of remote clinical support. Given that all populations are unique, we work closely with our partners to develop solutions that meet their needs, and our products and services include: Remote Clinical Coaching to support disease state management by providing one-on-one clinical quality education and lifestyle support as well as behavioral health screenings; Remote Device Coaching & Monitoring to support successful device connected device initiation and provide ongoing monitoring of key physiological indicators; Virtual Diabetes and Behavioral Health clinic to provide telemedicine access to endocrinologists to optimize care plans by supporting dosage & titration changes, delivering behavioral health innovations, and improving care coordination. Cecelia Health staffs one of the largest teams of expert clinicians in the United States and is licensed to deliver specialty care through a national endocrinology network in all 50 states. Additionally, our diabetes programs are ADCES certified, which is the highest level of recognition that a diabetes management program can attain. Thus, we are structured and certified to bill health plans directly for our services. We have a strong track of delivering support to people with chronic illness with millions of patient interactions across for some of the most trusted brands in healthcare. Typically, our programs realize positive clinical and financial outcomes such as: 1.5pt Reduction in A1c; 100% Successful Remote Device Initiation & Persistence; 20-30% Increase in Medication Adherence Among Participant Population.
Dexcom, Inc.
Premier Corporate Partner
6340 Sequence Drive
San Diego, CA 92121
dexcom.com
Contact: Bruce Taylor / 371.565.3274 /
bruce.taylor@dexcom.com
Dexcom, Inc. manufactures Real-Time continuous glucose monitoring (RT-CGM). This advanced glucose monitoring technology measures interstitial glucose levels and displays the current blood glucose level and direction and rate of change. This complete picture of glycemic activity helps guide disease management decisions (e.g., insulin dosage adjustments, changes in diet) to avoid glycemic excursions. For patients with hypoglycemia unawareness, the alarm function of RT-CGM devices may be their only warning of emerging hypoglycemia. The clinical benefits of RT-CGM technology over SMBG alone have been demonstrated in randomized controlled trials (RCTs). These studies have shown that, compared to SMBG alone, RT-CGM plus SMBG: Significantly reduces hemoglobin HbA1c (A1c) mean reduction of 0.5% and glycemic excursions without increasing hypoglycemic episodes over 3-12 months in adults with poorly or well controlled T1DM who are receiving intensive insulin therapy via insulin pump or multiple daily injections of insulin (MDI). Improves diabetes-related quality of life (QoL) and treatment satisfaction in adults with T1DM. Decreases the incidence of severe hypoglycemia by 46% (58% reduction in those aged 8-24 years and 32% reduction in those aged >25 years) in patients with poorly controlled T1DM receiving intensive insulin treatment. The Dexcom RT-CGM is indicated for adults and children ages 2 years of age and older. The Dexcom RT-CGM is a covered benefit for nearly all commercial payors in the US. Medicare provides coverage for intensively managed insulin taking Type 1 and Type 2 patients, and a majority of state Medicaid programs cover for CGM.
Epic
Premier Corporate Partner
1979 Milky Way
Verona, WI 53593
epicsystems.com
Contact: Katie Lee / 608.271.9000 / info@epic.com
Epic has been working with physicians since 1979, when it was founded by a team of healthcare professionals and software developers. Epic creates integrated clinical and practice management software that connects and coordinates primary care, specialists and the patient at home with a single record. Integrated enterprise intelligence gives physicians the information they need to deliver better care—and to see how well they are doing.

Exact Sciences
Chairman’s Circle Member
441 Charmany Drive
Madison, WI 53719
exactsciences.com
Contact: Julie Sievert / 773.433.1124 / jsievert@exactsciences.com
A leading provider of cancer screening and diagnostic tests, Exact Sciences relentlessly pursues smarter solutions providing the clarity to take life-changing action, earlier. Building on the success of Cologuard and Oncotype DX, Exact Sciences is investing in its product pipeline to take on some of the deadliest cancers and improve patient care. Exact Sciences unites visionary collaborators to help advance the fight against cancer.

Empiric Health
Executive Corporate Partner
460 West 50 North, 5th Floor
Salt Lake City, UT 84101
empirichealth.com
Contact: Alycia Parker / 678.907.6500 / Alycia.Parker@empirichealth.com
Empiric Health is an analytics-enabled service company that focuses on identifying unwarranted clinical variation, improving patient outcomes, and increasing the affordability of surgery. We combine powerful evidence-based data and clinician-to-clinician dialogue to produce results. Empiric differentiates with a proprietary comparative analytics methodology, coupled with Natural Language Processing, Machine Learning, and Artificial Intelligence in order to reduce clinical variation, so that care providers can understand and optimize for high-value care. Empiric was formed by Intermountain Healthcare with assistance from Oxeon.
Grant Cooper
Executive Corporate Partner
1 North Brentwood Boulevard, Suite 950
St. Louis, MO 63105
grantcooper.com
Contact: Betsy Mullenix / 314.726.5291 / mullenix@grantcooper.com
Grant Cooper is a retained executive search firm specialized solely in health care to identify and recruit superior talent for our clients. Established in 1957, but focused exclusively on health care since 2003, Grant Cooper offers distinguished executive search services tailored to the rapidly evolving healthcare environment. We have built a reputation for excellence in healthcare executive search with a special focus on integrated health systems, medical group practice leadership, academic institutions, community-based hospitals and health systems, and managed care organizations. Grant Cooper has been recognized as one of the “Top Ten Healthcare Executive Search Firms” by Modern Healthcare for 10 years. The firm has continued to grow, and recently joined Diversified Search based in Philadelphia, one of the 10 largest executive search firms in the United States.

Guidehouse
Executive Corporate Partner
150 N. Riverside Plaza, Suite 2400
Chicago, IL 60606
guidehouse.com
Contact: Jeffrey Skwarek / 609.638.1599 / Jeffrey.skwarek@guidehouse.com
Guidehouse is a leading provider of consulting services to the public and commercial markets, with broad capabilities in management, technology, and risk consulting. We help clients address their toughest challenges with a focus on markets and clients facing transformational change, technology-driven innovation, and significant regulatory pressure. Guidehouse’s Health segment is comprised of clinicians, scientists, former provider and public health administrators, and other experts with decades of strategy, consulting, funding and policy, revenue cycle management, digital and retail health, managed care, and outsourcing experience. Our professionals collaborate with hospitals and health systems, government agencies, life sciences companies, and payers, providing strategic insights and performance improvement solutions that help them redesign, revitalize, and transform their operations. For more information about the Guidehouse Health team, which has earned multiple Best in KLAS Awards, visit guidehouse.com/healthcare.

Hall, Render, Killian, Heath & Lyman, PC
Executive Corporate Partner
111 East Kilbourn Avenue, Suite 1300
Milwaukee, WI 53202
hallrender.com
Contact: Joseph Wolfe, Esq. / 414.721.0442 / jwolfe@hallrender.com
With nearly 50 years of experience in the health law business and more than 200 attorneys serving healthcare clients, Hall Render is the largest healthcare-focused law firm in the country. We provide services to healthcare clients, including hospitals, healthcare systems, healthcare associations, long-term care facilities, ambulatory surgery centers, physicians and physician groups, Federally Qualified Health Centers, ancillary health providers and other healthcare providers. Many of our attorneys have past experience in the healthcare field, including nursing, allied health professions, pharmacy, clinical labs, administration, finance and governance. Because the scope of a client’s needs can extend simultaneously into many areas of health law, our attorneys often work as teams to share their diverse knowledge and experience, providing our clients with comprehensive, efficient and proactive legal advice and business consultation. While we continue to adapt our services and structure to accommodate current trends and changes within the healthcare industry, our firm has never wavered from the tradition of excellence on which it was founded. As client service is the cornerstone of Hall Render, we capitalize on the education and experience of each of our attorneys to provide the highest standard of service.

Healthy.io Inc.
Executive Corporate Partner
4101 Heathcote Road
Wayzata, MN 55391
healthy.io
We are the category creators of smartphone urinalysis. We offer the only FDA-cleared and CE-approved home urine test equivalent to lab-based devices. Our multidisciplinary team specializes in computer vision, product design, and clinical practice. We balance cutting-edge technology, superior user centric design and regulatory knowledge to bring clinical innovation from the lab to the home.
IBM Watson Health

IBM Watson Health
Premier Corporate Partner
11511 Luna Road #600
Farmers Branch, TX 75234
ibm.com/watson/health
Contact: Jessica Wolter / 800.559.3057 / Jessica.wolter@ibm.com
IBM Watson Health is a data, analytics, and technology partner for the health industry. Supported by the innovation of IBM and intelligence of Watson, we are committed to helping build smarter health ecosystems. Through the combination of our deep industry expertise in health, data and analytics, actionable insights, and reputation for security and trust, Watson Health is working together with its clients and partners to help them achieve simpler processes, better care insights, faster breakthroughs, and improved experiences for people around the world.

IKS Health
Premier Corporate Partner
6565 W. Sunset Boulevard, Suite 525

Indivior is a global pharmaceutical company working to help change patients’ lives by pioneering life-transforming treatment for addiction and other serious mental illnesses. Indivior manufactures and markets medicines for the treatment of moderate to severe opioid use disorder with a global portfolio in over 40 countries. Indivior also markets medicine for the treatment of schizophrenia in adults in the United States and has a licensing agreement to bring this treatment to patients suffering from schizophrenia in Canada. We continue to be an essential company helping in the fight against the opioid epidemic. Indivior remains committed to discovering and developing new and effective treatments to help patients struggling with this disease. Medication for opioid use disorder (MOUD) is increasingly recognized as an important part of addressing the opioid crisis. The medications Indivior provides play an essential role in treating opioid use disorder and addressing the opioid crisis. Working with others, we are driving forward our understanding of addiction and other serious mental health diseases, working to create new science to help pave the way for an even deeper understanding of patient needs and treatment innovation.

MediSync helps medical groups consistently achieve better performance. Our partnerships with medical groups deliver provably outstanding clinical, operational and financial results. MediSync's team has extensive expertise in Lean Six Sigma process design and in change management. We use a unique "physician-to-physician" implementation strategy that increases physician buy-in. Our solutions address the challenges that all medical groups face today—success in a declining fee-based reimbursement while, at the same time, building revenue and performance in value-based reimbursement. Client groups regularly achieve millions of additional fee revenue and success in achieving best-in-nation outcomes for chronic conditions and value. Over 170 medical groups use MediSync's solutions and PriMed Physicians, an AMGA member group, has MediSync as its management partner.

We at Sanofi, are there beside people in need, as a health journey partner. We aim to protect, enable and support people facing health challenges, so they can live life to its full potential. As a responsible company, we act where the needs are greatest and where we can have maximum impact. As a health journey partner, we leverage the best in science, together with our world-class pharmaceutical quality standards to deliver consumer-driven innovative medicines and products across a number of key categories including allergy, cough & cold, pain, digestive and nutritionals. Life is a health journey, and the global trends toward longer life expectancies and increasingly more sedentary lifestyles have made diabetes and cardiovascular disease worldwide public health concerns. We have developed innovative, value-based medicines and connected solutions designed to address the most urgent medical and societal needs. Through this work, our purpose is to help people with diabetes and cardiovascular disease improving their quality of life. Sanofi Genzyme brings together our Rare Diseases, Multiple Sclerosis, Oncology, Immunology, and Rare Blood Disorder franchises.

Sheppard Mullin
Executive Corporate Partner
333 South Hope Street, 43rd Floor
Los Angeles, CA 90071
sheppardmullin.com
Contact: Suzanne Fletcher / sfletcher@sheppardmullin.com

Sheppard Mullin's healthcare law team works with medical groups of all sizes throughout the U.S., from smaller single-specialty medical groups to 200+ physician multispecialty medical groups, and with other types of physician-led organizations, including independent practice associations, accountable care organizations, and risk-based entities. Our team includes members from our corporate, tax, labor & employment, employee benefits, real estate, intellectual property, litigation, finance, government investigations, anti-trust and other practice groups. As a result, we are able to represent our healthcare clients seamlessly across the array of opportunities and challenges they face. Our dedicated healthcare M&A team represents buyers and sellers of medical groups, as well as other strategic and financial investors, in medical group acquisitions and sales, and is well versed in the unique obstacles and issues that arise in healthcare transactions. We frequently represent medical groups in their affiliations and other joint ventures with for-profit and non-profit hospitals/health systems, and we understand how to structure those relationships to achieve our clients' goals. We also serve as outside general counsel to our medical group clients, advising them on operational matters, including regulatory compliance, labor, contract review and negotiation, and the development of sophisticated physician compensation models.

Drawing from 20 years of experience in patient engagement and over one billion annual interactions, Solutionreach's data-driven approach is an ideal fit for healthcare organizations looking to connect with individual patients in an efficient and scalable, yet highly-personalized way. Across care reminders, recalls, surveys, payments, and other critical communications, the Solutionreach PRM platform allows for total control at every level based on each organization’s unique needs.

Summit Therapeutics
Executive Corporate Partner
One Broadway, 14th Floor
Cambridge, MA 02142
summitplc.com
Contact: Kevin McDermott / kevin.mcdermott@summitplc.com
Summit Therapeutics is a leader in antibiotic innovation. We have a clear strategy: through new science and philosophy, we are creating new opportunities to become the standard of care for serious infectious diseases. New Science: Innovation drives success in medicine. In the field of antibiotics research, no new classes of antibiotics have been approved in 15 years. With our promising pipeline and the ability of our Discuva Platform to develop future new mechanism antibiotics, we aim to change that. Our proprietary Discuva Platform is designed to uncover novel bacterial targets and develops new mechanism antibiotics against them. In addition, ridinilazole, our Phase 3 new mechanism antibiotic for *C. difficile* infection ('CDI'), is being supported by an award worth up to $72.5 million from BARDA. New Philosophy: We think about antibiotics differently. We design our new mechanism antibiotics to be specific for the pathogen or infection. We believe this allows us to develop antibiotics capable of meeting the unmet needs of patients and healthcare providers, show clear advantages over current therapies and create value for payors and healthcare systems. We aim to develop antibiotics for high-volume use, not to be held in reserve. Our targeted approach supports antibiotic stewardship, improved outcomes for patients and healthcare savings. New Opportunity: We believe our strategy creates new opportunities that are untapped in the antibiotics space. We have the potential to develop antibiotics that beat out the current standards of care and ultimately achieve commercial success. We plan to execute this strategy by becoming a fully integrated, global biopharmaceutical company. Our experienced team of scientists, clinical and regulatory developers and executives spans the drug development spectrum, from research through commercialization.
