

**Health Equity Forum
November 6 -7, 2023
Agenda**

AMGA’s Health Equity Forum explores the most pressing challenges of medical groups and health systems in incorporating health equity into their infrastructure. The forum will offer guidance on how to prepare for forthcoming payer measurement requirements for social determinants of health. Participants will have the opportunity to acquire knowledge, engage in collaborative activities, and establish networks with other health systems that are committed to advancing health equity. The ultimate goal is to foster healthier communities through partnerships and population health.

Be prepared to be inspired, as community leader presenters and attendees share their stories, experiences, and strategies for success. Learn from their wisdom and expertise as they guide you through the steps to create meaningful change in your own community.

Don't miss out on this unique chance to connect with like-minded individuals who are passionate about improving health outcomes for all. Together, we can create a brighter, healthier future for everyone. Join us and be a part of this exciting journey toward health equity!
